

Loan Scheduler Documentation

Loan Scheduler HomePage

As You can see there are two options available

1. Create Loan - This option is used to create loan for a customer.
2. Loans - This option is used to Display all users with their Payment schedule.

Loan Scheduler Create Loan Page

The screenshot shows a web browser window with the URL `localhost:4200/createloan`. The page displays a "Loan Creation" form with the following fields:

- Customer Name**: Text input field with placeholder "Enter the Customer Name".
- Loan Amount**: Text input field with placeholder "Enter the Loan Amount".
- Loan StartDate**: Date input field with placeholder "dd-mm-yyyy" and a calendar icon.
- Payment Frequency**: Dropdown menu.
- Interest Rate Percentage**: Text input field with placeholder "Enter the Interest Rate".
- Loan Repayment Duration**: Dropdown menu.
- Payment Term**: Dropdown menu.

At the bottom of the form are two buttons: "Create Loan" (blue) and "Cancel" (red).

In this page you can create loan for a customer after creating a loan it will automatically generate payment schedule for this

For Loan creation You have to provide this details:

- **Customer Name** - Name of the Customer
- **Loan Amount** - Loan amount required by the customer
- **Loan start Date** - When you want to start loan payment amount .you can start same day also(interest is calculated from this day)
- **Payment Frequency** - You can pay monthly or quarterly or half-yearly or yearly payment
- **Interest Rate (in %)** - Interest percentage of the loan (minimum is 1 percent)
- **Loan Repayment Duration** - In how many years do you wish to pay the loan amount(minimum is one year)
- **Payment Term** - You can choose interest only or Even principle scheme based on your need.

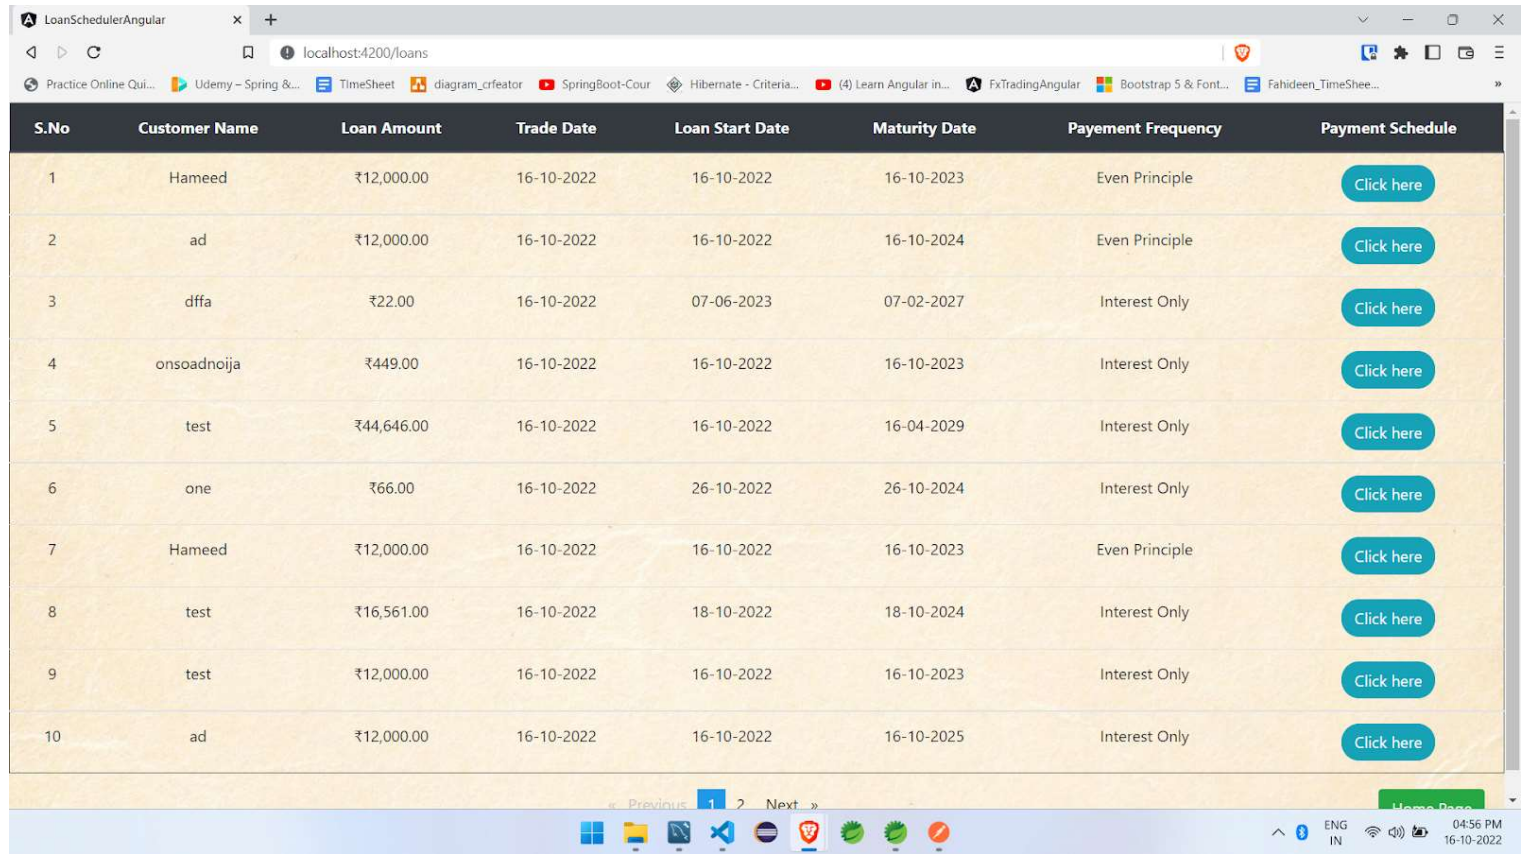

Loan Scheduler Create Loan Page Error Handling

The screenshot displays a web browser window with the URL `localhost:4200/createloan`. The browser's tab bar shows several open tabs, including 'LoanSchedulerAngular', '(5) WhatsApp', 'loanProjectFinzly/CustomerDetails.java', and 'LoanSchedulerDoc - Google Docs'. The address bar shows the URL `localhost:4200/createloan`. The browser's toolbar includes navigation buttons (back, forward, refresh), a search bar, and various extension icons. The main content area shows a 'Loan Creation' form with the following fields and error messages:

- Customer Name:** Input field with placeholder 'Enter the Customer Name'. Error message: 'Customer Name is required'.
- Loan Amount:** Input field with placeholder 'Enter the Loan Amount'. Error message: 'Loan Amount is required'.
- Loan StartDate:** Input field with placeholder 'dd-mm-yyyy' and a calendar icon. Error message: 'Loan StartDate is required'.
- Payment Frequency:** Dropdown menu. Error message: 'Payment Term is required'.
- Interest Rate Percentage:** Input field with placeholder 'Enter the Interest Rate'. Error message: 'Interest Rate is required'.
- Loan Repayment Duration:** Dropdown menu. Error message: 'Loan Repayment Years is required'.
- Payment Term:** Input field. Error message: 'Payment Term is required'.

At the bottom of the form, there are two buttons: 'Create Loan' (blue) and 'Cancel' (red). The browser's taskbar at the bottom shows various application icons, including Windows, File Explorer, VS Code, and others. The system tray on the right shows the language 'ENG IN', network status, and the time '12:36 PM 17-10-2022'.
